## **North Craven Heritage Trust – Historical and Archaeological Projects Fund**

### **Grant Application Criteria**

1. The fund is known as 'The Historical and Archaeological Projects Fund, in memory of Philip Hudson'. It was initially formed from the proceeds of winding up the North Craven Historical Research Group (NCHRG). For many years the NCHRG, led by Philip, supported independent research projects. The purpose of the fund is to provide modest grants to support the expenses of individual researchers, thereby continuing a role of the NCHRG.
2. The application of the fund will be restricted to grants towards projects of historical and / or archaeological research in North Craven, comprising the civil parishes covered by the North Craven Heritage Trust, namely Airton, Arncliffe, Austwick, Bentham, Burton-in-Lonsdale, Clapham cum Newby, Giggleswick, Halton Gill, Halton West, Hanlith, Hawkswick, Hellifield, Horton-in-Ribblesdale, Ingleton, Kirkby Malham, Langcliffe, Lawkland, Litton, Long Preston, Malham, Malham Moor, Nappa, Otterburn, Rathmell, Scosthrop, Settle, Stainforth, Swinden, Thornton-in-Lonsdale and Wigglesworth. The applicant need not be a resident of North Craven.
3. Grants may be awarded to individual researchers and informal groupings of researchers working collaboratively. Established societies or groups will not be eligible. Grants will be made where it is difficult to obtain other funding.
4. Applications in the first instance should be by email or in writing to the Treasurer of the NCHT (see "About Us / Contact" for the address of the current Treasurer). The application should outline the proposal that requires grant aid with costings.
7. Grants will normally be made four times a year, in February, May, August and November. Applications may be submitted at any time of the year and will be acknowledged and a likely timescale for a decision communicated to the applicant on receipt.
8. Grants will not normally be made retrospectively.
